The Gala Roberto Bolle and Friends have turned in the hands of Roberto Bolle, here in the role not only as a performer but also as Artistic Director, in a powerful cultural tool for the dissemination of dance, every year attracting thousands of fans and not.

Thanks to his intense international experience, Roberto Bolle has managed to recreate each time for each of these events a magic show, bringing together some of the top dancers in the world and creating with them lively and surprising programs, which have entertained different audience and never so vast before.

From the great classics to the newest choreographies, the Roberto Bolle and Friends brought together every year the best of the dance in the world, offering a rare and prestigious cultural possibility and breaking some taboos that forced the ballet in the definition of art niche.

There is still discretion about the cast and the program that Roberto Bolle is preparing, but as always the Étoile of Teatro alla Scala - who is also Principal Dancer with ABT of NY - will involve some of the most important international dancers to offer the public an evening of dance at its highest.
