

6TH INTERNATIONAL CONFERENCE ON QUALITY IN BUSINESS

20TH SEPTEMBER 2025
TRIESTE, ITALY
SAVOIA EXCELSIOR PALACE

Quality in business is key to success on the **Global Market**, and the **6th International Conference on Quality in Business** offers you a step ahead! This year's conference brings together experts, entrepreneurs, and leaders from diverse industries, focusing on innovation and business excellence.

In addition, Quality 360 enables participants to create new business opportunities and push boundaries by shaping operational excellence. The conference themes aim to improve and create new value through **quality management, sustainability, digital transformation, and future business trends**.

Through inspiring presentations, interactive discussions, and panel sessions, participants will gain clear insights into best practices and strategies to take their business to the next level.

Prominent industry figures will share their experiences on how to build a sustainable and resilient future through quality management, the use of new technologies, alternative energy sources, and global business trends.
